3. OPEN ENDED QUESTIONS (INSTRUCTOR)

3.1) Please comment on specific characteristics of the course that were most beneficial to you:

- He was very interactive, great for teaching. However the classroom size was small, but regardless, it was highly interactive
- Professor Khan's method of lecturing was very informative and helpful to understand the material of the class. Students were comfortable with answering questions out loud in this class. Professor Khan's kindness, fairness, and his desire to ensure everyone understood the material made this a comfortable class to be in. Professor Khan would not hesitate to help any one of his students.
- Taking time to conduct or go through the problem sets, especially those with Stata commands/outputs and RCT interpretations.
- The ability to stop the lecture to ask questions.
- The detailed explanations/examples presented in class.
- The professor is nice, and he always provides help if student got confused on material.

3.2) Please comment on specific aspects of the course that need improvement:

- I remember it was not quite easy to access the course materials on the website, I remember I had to bookmark the link, rather than accessing it from Blackboard
- It was ok
- More details how to use Stata
- Professor Khan can be more assertive when asking questions to the class. I mean, if the Professor feels that the class does not understand the material or some students are struggling, he should put them on the spot and ask them a question or force the student to ask a question. If there is the slightest sense of confusion in the class, the professor should pounce. While this would make some students like myself uncomfortable, this could make students eventually feel more comfortable to speak up.
- There is some practice problems on PowerPoint in class. I feel like it would be more helpful to student prepare for exam if the professor can upload the practice problems with answers.

3.3) If necessary, clarify any of your previous responses or make additional comments:

- Thank You for an enjoyable/plesant class during a not-so enjoyable time in my life.
